

Here's the corrected response with marks and explanations, presented as if I were grading it.

****Student's Answer Sheet (with corrections and marks)****

****07. Complete the paragraph below by using the terms provided in brackets: (Panels, Save, Preset, Essentials, Layout, Switch): (3 Marks)****

“In Adobe Illustrator, the workspace consists of various tools and (1) ****Layout**** that help users create and edit graphics efficiently. Illustrator allows users to (2) ****Switch**** between different workspaces based on their needs. Users can choose from predefined (3) ****Preset**** workspaces like (4) ****Essentials**** or create their own personalized setup. To keep a customized workspace, users must (5) ****Save**** it, ensuring their preferred (6) ****Panels**** remains available.”

****Marks for Q7:** 3/3**

****Explanation of Corrections for Q7:****

- * **** (1) Layout:**** The term "Layout" refers to the arrangement of elements on the screen, which directly relates to how users create and edit graphics efficiently within a workspace.
- * **** (2) Switch:**** The sentence discusses the ability to move between different workspaces, and "Switch" is the appropriate verb for this action.
- * **** (3) Preset:**** "Preset" accurately describes workspaces that are already configured and available for users to choose from.
- * **** (4) Essentials:**** "Essentials" is a common and well-known preset workspace in Adobe applications, fitting the context of examples of predefined workspaces.
- * **** (5) Save:**** To retain a customized workspace for future use, users need to "Save" it.
- * **** (6) Panels:**** "Panels" are the individual windows within a workspace that contain tools and options. Saving a workspace ensures that the preferred arrangement of these panels is kept.
